This engine, paired with the accurate shifting of the manual transmission, enables for a extremely responsive and stimulating driving impression. The sharp clutch action, coupled with the well-weighted gear lever, provides a pleasing and linked driving impression that is rarely paralleled in modern vehicles.

The interior of the Fiat Punto HGT gives a blend of practicality and athleticism. The racing seats provide ample support while spirited driving, while the overall layout of the controls is intuitive. While materials may not compare those found in more high-end cars, they usually demonstrate to be durable and wear well over time.

However, it's important to admit that the manual Fiat Punto HGT is not without its faults. Fuel economy may not be as good as that of more modern, fuel-efficient vehicles. And while the maneuverability is generally commended, some may find the ride hard on less-than-perfect roads. Additionally, discovering parts for older models can sometimes prove problematic.
