## Methodology Used in Friendship Code

In terms of methodology, Friendship Code employs a robust approach to gather data and analyze the information. The authors use quantitative techniques, relying on interviews to gather data from a sample population. The methodology section is designed to provide transparency regarding the research process, ensuring that readers can understand the steps taken to gather and process the data. This approach ensures that the results of the research are reliable and based on a sound scientific method. The paper also discusses the strengths and limitations of the methodology, offering critical insights on the effectiveness of the chosen approach in addressing the research questions. In addition, the methodology is framed to ensure that any future research in this area can build upon the current work.

The literature review in Friendship Code is a model of academic diligence. It spans disciplines, which strengthens its arguments. The author(s) do not merely summarize previous work, identifying patterns to form a conceptual bridge for the present study. Such contextual framing elevates Friendship Code beyond a simple report—it becomes a dialogue with history.
