User feedback and FAQs are also integrated throughout Whin, creating a conversational tone. Instead of reading like a monologue, the manual anticipates questions, which makes it feel more responsive. There are even callouts and side-notes based on real user experiences, giving the impression that Whin is not just written *for* users, but *with* them in mind. It's this layer of interaction that turns a static document into a living guide.

The literature review in Whin is exceptionally rich. It spans disciplines, which broadens its relevance. The author(s) go beyond listing previous work, linking theories to form a logical foundation for the present study. Such contextual framing elevates Whin beyond a simple report—it becomes a conversation with predecessors.
